StyleLite
Multipurpose Panels

StyleLite Multipurpose Panels

Featuring TruColor's advanced multilayer UV barrier technology.

StyleLite Multipurpose Panels (MPP) are highly durable for interior and covered exterior use, especially in areas with high moisture and natural heat.

StyleLite MPP panel solutions are resistant to extreme moisture and natural heat. The 3/4" thick double-sided face panels feature the luxurious StyleLite TruMatte ABS/Acrylic finish which are complemented by a robust and easy to fabricate 3/4" carcass panel. StyleLite waterproof is the resilient panel solution where the risk of water or moisture damage exists.

No more worrying about replacement of cabinetry post flooding or water exposure.

StyleLite MPP Decor Range:

Face - 3/4"

Shell | Jura | Ash | Slate

ABS Carcass - 3/4"

STUDIO
Gloss & Matte. Made For Designers.
egrdecor.com/studio

STUDIO Gloss & Matte. Made For Designers.

Studio Panels bring the look and feel of premium European-style cabinetry and millwork to everyday applications. Available in mirror-like high gloss and soft-touch matte finishes, Studio panels are designed to stay beautiful for years, featuring excellent scratch resistance, low fingerprinting, high UV color protection and easy-clean performance.

Studio panels are an advanced decorative panel solution featuring durable high-performance polymer layers with unique Light Activated Surface Technology (L.A.S.T.). Studio Panels deliver impressive visual appeal, improved scratch resistance, low fingerprinting, and a refined overall finish. The panels are easy to fabricate, they feature high-moisture-resistant MDF cores, and EGR Decor can offer a wide substrate compatibility for any scale of project. Studio panels are manufactured in the USA and using high performance PUR adhesive technology and color matched edge banding is available across the range.

Studio Highgloss Range:

Bright White | Soft White | Shimmer White | Black

Studio Supermatte Range:
