Multipurpose Panels
by EGR DECOR

StyleLite Multipurpose Panels featuring TruColor's advanced multilayer UV barrier technology.

StyleLite MPP panel solutions are resistant to extreme moisture and natural heat.

The 3/4" (18mm) thick double sided face panels feature the luxurious StyleLite TruMatte ABS/Acrylic finish which are complemented by a robust and easy to fabricate 3/4" (18mm) carcass panel. StyleLite multipurpose panels is the resilient solution where the risk of water or moisture damage exists.

No more worrying about replacement of cabinetry post flooding or water exposure.

New *Matte* Waterproof Range:

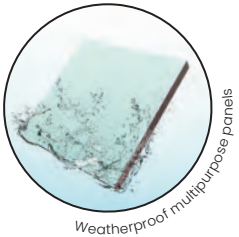

Face - *3/4" (18mm)*

Shell | Jura | Ash | Slate

ABS Carcass - *3/4" (18mm)*

White

Edge - *Color matching*

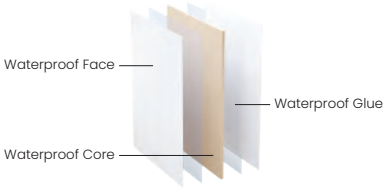

Specifications	Panel Size	Density	Weight	Resistance to Staining	Chemical Resistance	Edge Tape
Face	Nominal 3/4" (18mm) 4' x 8'	40.6 lb/ft³	2.46 lb/ft²	Moderate to High	Moderate to High	1mm 15/16" x 328'
ABS Carcass	Nominal 3/4" (18mm) 4' x 8'	40.6 lb/ft³	2.46 lb/ft²	Moderate to High	Moderate to High	1mm 15/16" x 328'

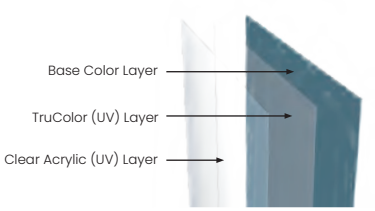

Superior Features

Waterproof | Vertical Application | Easy to Work | Quick to Install

UV Protected | Anti-Fingerprint *(TruMatte)* | Easy to Clean | Quality | Recyclable

Every Component is Waterproof
Face + Glue + Board = Waterproof

TruColor with a unique 3 layer combination
