StyleLite

Stunning Mirror Acrylic Panels Solutions

by EGR DECOR

StyleLite Silver Acrylic Mirror Panels

StyleLite Silver Acrylic Mirror Panels offer a unique alternative to glass mirror for many residential and commercial applications.

The Acrylic surface features a high scratch resistant hardcoat for maximum in service durability and the Polymer / MDF composite panel design means easy fabrication with normal woodworking tools.

The composite layers include a 2 mm acrylic mirror face, TITLE VI MR MDF core, and a generic white polymer backing layer.

Applications

- Closet doors
- Retail store fixtures
- Gymnasium & dance studio walls
- Vanity & medicine cabinets
- Feature panels
- Events & trade show displays
