Due to the nature of the printing process, the colours and images depicted throughout this brochure may vary compared to the actual finished products' colour.

Images and colours are to be used as a guide only.

Design Guidelines

EGR Decor StyleLite is designed for use in vertical surface applications only and is not intended for structural applications.

For full details, refer to the Installation and Specifications Guide available at https://egrdecor.com/collections/stylelite, or consult your local distributor.

The Environment

None of the colour pigments used in StyleLite contain heavy metals, such as lead or cadmium making it the best choice for modern interiors.

- GreenTag Platinum Health Rated
- GreenTag PHD is recognized by WELL™ and LEED* Material Transparency & Optimization credits
- Meets Green Star* 'Buildings v1.0' as recognized for Responsible Finishes

Edge Finishing

All EGR Decor StyleLite compatible Edge Banding is of premium quality and offers high resistance to heat, abrasion, impact and colour fade.

Guaranteed Quality

EGR Decor StyleLite panels are created by laminating StyleLite acrylic sheets front and back to a variety of substrates using our premier polyurethane (PUR) hot melt bonding system.

This system produces a ripple-free finish that is highly resistant to heat, moisture and environmental changes over time.

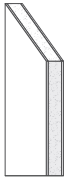

EGR Decor production facilities are recognized for achieving ISO 9001 Quality Management certification for their consistent performance and quality systems.

Care & Maintenance

StyleLite products can be cleaned easily using a wet microfiber cloth or chamois with non-abrasive soap.

TruGloss's ultra-high gloss finish provides a mirror like appearance that can be refinished using a good quality liquid polish (Pencil Hardness 4H).

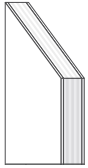

TruMatte's smooth matte finish offers increased scratch resistance compared to gloss surfaces and is highly fingerprint-resistant (Pencil Hardness 6-7H).

StyleLite MDF Panels

Regular StyleLite panels, suitable for a range of general purpose applications. Uses premium quality MR MDF, rated to formaldehyde emissions standards E0 or TSCA Title VI. Perfect for kitchen and vanity doors, furniture, hinged wardrobe doors and general cabinetry.

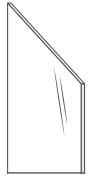

Double sided and single sided (with colour matched backer) options available in both *TruGloss and TruMatte*.

StyleLite Lightweight Plywood Panels

Lightweight panels, perfect for when weight is a consideration. Uses high quality MR lightweight plywood. Great for interior fit outs in caravans and RVs—from furniture and kitchen cabinetry to vanity doors and panels.

Available in both *TruGloss and TruMatte*.

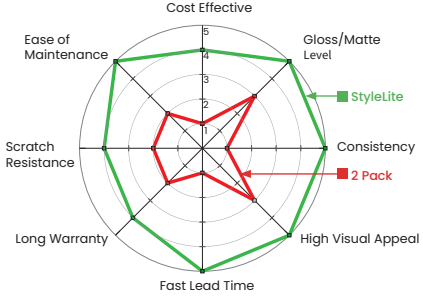

StyleLite Sheet

StyleLite Sheet is manufactured from high quality acrylic-capped ABS and features a reverse-side treatment for superior bonding performance. It is provided ready for manual or machine lamination onto a variety of substrates.

Product	Substrate	Sheet Size (nom)	Region	Weight	Finish
StyleLite MDF Panels*	MR MDF E0	2440 × 1200 × 18mm	Global	13.5 kg/m²	TruGloss and TruMatte
